National Collegiate Table Tennis Association (NCTTA)

Re: NCTTA Board Elections

I wish to nominate myself for the NCTTA Board position of Athlete Representative.

As Co-Head Coach of Lindenwood University's scholarship table tennis program, I will have direct access to some of the top collegiate table tennis athletes competing in the coming years. Lindenwood athletes represent both a U.S. presence and a strong international presence which gives Lindenwood a diverse representation.

I have experience dealing with athletes in a variety of situations. I am currently the Midwest Division Director. I am a Tournament Director, USATT Club Umpire, and USATT Certified Referee. I run USATT-sanctioned tournaments on Lindenwood's campus and in the St. Louis metropolitan area. I have familiarity with college table tennis players competing in ACUI Singles as I ran the 2010 Region 11 competition.

I frequently view the Midwest Direction e-mail system and constantly keep up-to-date with the NCTTA Hub discussions. Even while traveling with the Lindenwood team to South Bend, Indiana for a competition this month, I read my e-mail and was one of the early responders to volunteer for the NCTTA Subcommittee on NCTTA Singles.

I believe that I can contribute a great deal to the future of college table tennis. Representing the college athletes would be an honor and a privilege. Please consider my nomination for your consideration.

Sincerely,

Randy Kendle
