319 Scott Ct

Palm Harbor, FL 34684

(727) 744-9427

Running for: NCTTA Historian Position 2010 -2012

Objectives: I will perform all the tasks assigned to the Historian position as stated in the NCTTA By Laws. I'm choosing to run for this position because it will free up all my NCTTA volunteer time to work with this great team of doers on future NCTTA properties, objectives, and administrative roles that this 100% volunteer organization and board deserves.

Table Tennis HISTORY

FLTTA State Director & Creator: Started the Florida Table Tennis Association, FLTTA, 7/1/08 to start working on the grass-roots initiative that we need to create the pipeline that the NCAA wants to see from their NCAA sports. First year, created the FLTTA bylaws, web-site, separated the state in 5 regions making the most active individual in each region the division director, outreach to Florida Clubs and TT community, out reach campaigns to outside of the TT organization, first FLTTA election, created the first property of the FLTTA Florida Hall of Fame tournament with a free college event, in the process of working with the Jamaica Table Tennis Association to create a Florida Caribbean tournament tour, etc...

NCTTA National Scholarship Committee Chair: I'm one of the creators and co writers of NCTTA National Scholarship programs. The National Scholarship program started in 2007 giving our academic athletes the opportunity to receive financial assistant to any of the NCTTA active colleges.

NCTTA Coaches chair: I currently work with the National Coaches committee of the USATT, National Govern Body of Table tennis, NCTTA, National Collegiate Table Tennis Association, 18 division, and communities since 2007 – still active to put in place the foundation necessary to develop strong programs throughout the country

NCTTA National Division Director: As National Division Director Representative I consistently kept our division directors up to date on what NCTTA, National Collegiate Table Tennis Association can do for them; moreover, my role was to help each director voice their concerns and help them in every way possible. I represent our division director collective stance on NCTTA board matters. As NDDR my role was to be extra support to our division directors in case an emergence came up that prevented them to perform their duties for a short period of time. As Division Director Representative I average an additional 15 to 20 hours a week working on projects in which our NCTTA board works on; for example, working on new and future agreements with out side organization. We are always working on new ways to create a stronger and friendlier environment for our members. Creating and adding content to many of the contracts that the NCTTA sends out for the protection and growth of the NCTTA. I look forward

in working on many of the new projects that will be increasing the number of hours a week that I and the other board members will be increasing this upcoming season. Chose at that time not to run for another term because that time need to design and create the Florida Table Tennis Association would take to much time away from the responsibilities required by the position. I'm very please with the professionalism and time that Chris Wang currently dedicates to the position.

Active: 8/06 – 6/30/08

NCTTA Marketing Director: Became marketing director after joining the committee because of the lack of progress and projects that where being worked on. The over all collective chose at that time that I should become the director since I was moving forward on different projects in which will be moving full stream this year. Also as marketing director I co wrote the template and guidelines for the NCTTA League Equipment sponsors for this coming year and past years, championship sponsorships proposal, championship bid guidelines, and ect...

Active: 3/06 – 6/08

Florida Division Director: Became Florida Division director mid season because the current director at that time fell short of their duties. The division was in trouble, so I was asked to come in and help. I was more than happy to support the NCTTA and help with that division. In the 05' & 06' season took care of the responsibilities of being division directors. During that season I wanted to help the NCTTA board on their future success, so I chose at the end of that season to run for the NDDR to become even more involved.

Active: 12/04 – 6/06

NCTTA Community Liaison: As CL I work on outside community awareness projects to spread and inform groups and organization of the NCTTA name & objectives; For example, introducing the NCTTA to great groups as the AAU, National Girls Scouts of Americas, Camps in the Union for Reform Judaism, new colleges, sports commissions, recreation departments, and ect... I have put on expositions on behalf of the NCTTA, National Girls Scouts, Disney Wide World of Sports, AAU, and local members of TT community.

Active: 9/04 – I still continue to volunteering for the NCTTA in this position.
