

Name: Wanda Wong

Position: Human Resource Coordinator

Education: 2011 Bachelors of Business, Organizational Studies and Management

I am currently the Human Resource Coordinator of NCTTA. I was first introduced to NCTTA as a college student at the University of Western Ontario, competing in NCTTA events for three years. After graduating I began looking for opportunities to remain in collegiate table tennis and secured a position as a division director in the Eastern Canada 2 region and the Human Resource Coordinator. I would greatly appreciate the opportunity to stay involved in the organization.

This past year was a great learning experience for me having the chance to work with and meet some amazing people who are so passionate about the sport of table tennis. NCTTA has done great things in the past and I would love to contribute my ideas and hard work to see that greater things will happen in the future.

I would appreciate your vote of confidence for this upcoming term of office as NCTTA Human Resource Coordinator.

Thank you,

Wanda Wong
