

Job Title: League Director Representative

Name: Chris Wang

As another successful NCTTA comes to an end, I am delighted at this opportunity to nominate myself for the League Director Representative (LDR) position. Having been in the organization for the past decade, I am confident that my experience along with my dedication will further advance the organization to continue to promote the sport of table tennis in North America.

In a nutshell, the LDR's main job is to work with RDs and DDs to coordinate and execute successful tournaments throughout the season. A LDR must also be reached on short notice and be able to make a quick decision for any urgent issues that may arise. I am a reliable and experienced individual you can count on and I believe I am a perfect candidate for this position.

First, I am readily available whenever I'm needed, by email, phone call or text message. Those who have worked with me knows that I respond promptly to all communications and you can rest assured you'll always receive my support for any issue that may arise.

Second, I have been involved with the league operations since I joined in 2005. I was a division director for 3 years ('05-'07 in Upstate NY, '07-'08 in Northern California), the national director representative for the past seven years ('08-'15). These experiences has enabled me to gain great insights to the everyday duties of a DD and RD, as well as given me first hand opportunity to resolve many unforeseen situations. I am confident that I'll be able to benefit from these experiences and be able to quickly and efficiently resolve any issues that may arise during the season.

Third, I believe the DDs and RDs are the core of NCTTA and one of my main task is to ensure everyone is treated equally and fairly. My most recent task has been the revamped DD travel policy to attend nationals which significantly reduced the expenditure required to attend the most exciting event of the year! In addition, I developed the NCTTA BOT account which have optimized the daily operation of a DD/RD and hopefully have made your day-to-day tasks less tedious.

I am excited and believe I can make a big contribution to the future of NCTTA/college table tennis. I look forward to working with many of you returning RDs and DDs, as well as any newly elected talents. I'm confident that we can work together to overcome any challenges that lies ahead and have many successful seasons!
