

June 4, 2018

Elections Manager,

Greetings! My name is Joseph E. Wells II, and I am officially submitting my name as a candidate for the 2018 – 2020 NCTTA vice –presidency of external affairs position. I am positive that I can continue to assist the organization in identifying, understanding, and achieving its maximum potential. Over the past years several you have seen or gotten to know me at various competition's in several capacities, whether it be managing, networking, or commentating. Since Oct. 2009 I have worked for Under Armour in the field of retail operations. My role as Sr. ASM is responsible for reactive sales, leading an effective sales team, talent recruiting, payroll management, asset protection and associate development/product knowledge. Most recently I have overseen "Give Back" and associate development, something that I would not have been able to do without my work/experience with NCTTA. This is an important initiative for our company, as we get out into our community quarterly and volunteer/donate to organizations/charities in need.

These past 14 years serving on the executive board of NCTTA has been very challenging and rewarding. We have accomplished several first in a short period of time, our revenue has increased, we have built relationships with people and organizations outside the sport, strengthened our relationship with USA Table Tennis, and more importantly the number of teams and people participating has increased year over year, our National Championships has grown in number and

popularity with host cities and organizations; I would like to think that I had some contribution to those successes. The idea of continuing to see this organization and the sport of table tennis grow amongst colleges and in the U.S. is very appealing. We have set a standard for our league and championships, that demand and expectations can only see us go up from there. By partnering with USATT to create a grass-roots initiative, recruiting more teams, and maintaining strong and long-lasting partnerships with entities in and outside the sport of table tennis, collectively we can achieve all our goals and more. I firmly believe that NCTTA is one of the greatest non-for-profit sport organizations in the U.S., and I look forward to continuing my work with those that can take NCTTA to the next level.

Respectively,

*Joseph Wells*
